

Gabriel Julio Castro

Gabriel Julio Castro
Director of Presbyterian Medical Group Practice Operations
Adult Medical Specialties

Born and raised in Northern New Mexico the importance of “community” was inculcated in me by my family and community elders. It has shaped my aspirations and my drive to make an impact larger than myself.

I serve as a Director at Presbyterian Healthcare Services. I have worked in healthcare for 21 years and hold a Bachelor of Science degree in Radiology Management and a master’s degree in business administration. I’m a 2021 Leadership Albuquerque class member scheduled for graduation in June 2021, and an Albuquerque Business First 2018, 40 under Forty honoree.

I recognize the importance of community involvement and the potential I have to engage in our community to nurture the positive change I wish to see. Currently I serve with local nonprofits: United Way of Central New Mexico: Vice-Chair Community Investment Council, Chair Hispano Philanthropic Society Council, and the Young Leaders Society Council, Chair of Presbyterian Healthcare Foundations PRESGiving Committee, Council member for IDEAS (Inclusion-Diversity-Equity-Accessibility-Social Consciousness) Advisory Council for Presbyterian Healthcare Services, Vice-President of the board for Casa Esperanza, Advisory Board Committees for UNM, CNM, and PIMA Radiology Programs.

Through these experiences, I have been able to perceive first-hand the impact each of us has on those around us and understand that I have a responsibility to the community in which I live.
