

Travis Kellum

Travis was born and raised in Peoria, Illinois. He completed his degree in Mechanical Engineering at Howard University in Washington DC.

After working for various companies in different industries as an engineer, Travis pivoted his focus to software engineering. He now works for Encantado (under contract with Sandia National Laboratories) where he builds and maintains apps and software for internal clients.

Travis is CEO + Co-Founder of Kellum Solutions, a new software company in Albuquerque. Travis enjoys making a difference in the community - ranging from teaching youth software to volunteering at prisons and food banks.
